**OFFICE OF THE SECRETARY TO THE PRESIDENT**

New Delhi, the 30th May 1951

**No. 22-Pres./51.**—*Corrigendum.*—In the Gazette of India (Extraordinary) Notification No. 2-Pres., dated the 26th Jan. 1950 (page 653) against the regimental number 2931380 for 'CHOTHI SINGH' read 'CHHOTHE RAM'.

New Delhi, the 1st June 1951

**No. 23-Pres./51.**—The President has been pleased to award the President's Police and Fire Service Medal for gallantry to the undermentioned officers of the Madras Police:—

*Name of the officer and Rank.*—Illath Vallakkara Appunni Nayar (deceased) Constable No. 924, Malabar Special Police.

*Statement of services for which the decoration has been awarded.*—Appunni Nayar, Constable No. 924, attached to No. 3 Platoon of E Company of the Malabar Special Police, stationed on the border of the Bellary District, was put on patrol duty as bands of marauders equipped with fire-arms from across the border were making frequent raids. On the 13th September, 1948, the platoon moved athwart the border and launched an assault on the marauders. On the following day the raiders launched a violent counter-attack on the Police. Even though the enemy fire was heavy and continuous, Appunni Nayar and his comrades defended their positions ably and courageously. While so engaged in the front line regardless of all personal danger, he was hit by the bullets of the marauders and died of injuries. By his courage, discipline and supreme sacrifice, constable Appunni Nayar has set an example of courage to others.

*Name of the officer and rank.*—Parayil Kunhiraman, Lance Naik and Temporary Havildar-Major No. 2500 Malabar Special Police.

*Statement of services for which the decoration has been awarded.*—On the 13th September, 1948, at about 2 A.M., the Special District Superintendent of Police at Kurnool issued orders to Nos. 1 and 2 platoons of E Company, Malabar Special Police, to cross the Thungabhadra River at day-break and to attack Basavapuram, a village across the Kurnool district border, from where incursions were being made into the district by predatory gangs armed with modern weapons. Accordingly, the detachment under the command of a Subedar crossed the Thungabhadra River at 6 A.M. and advanced towards Basavapuram. The ground which had to be traversed by the Force was unfavourable, the only cover available being a shallow dry water-course which led to the outskirts of Basavapuram. Advancing along the water course they got to about 250 yards from the outer perimeter of Basavapuram when heavy fire was suddenly opened by the raiders. The detachment was immediately deployed by the Subedar and offensive action against the enemy was taken. In spite of heavy fire from the enemy, the police force continued to advance in tactical formation under cover of Lewis Machine-Gun fire. The operation was a very difficult one and any advance made was with practically no cover at all. After the detachment had, however, advanced to within 150 yards of Basavapuram, heavy automatic fire was encountered and further advance was impossible. At this stage the Subedar detailed Havildar-Major Kunhiraman to advance by himself and to fire rifle grenades at the source of automatic fire. Regardless of all personal danger the Havildar-Major accordingly advanced and when within 100 yards of the village, fired two rifle grenades with such accuracy that the enemy automatic fire was silenced. This was a signal for a final assault by the police detachment who under covering fire, attacked the village from a flank. The enemy defences were broken into and taken at the point of the bayonet. But for the gallantry of Havildar-Major Kunhiraman this would not have been possible. His bravery and efficient action not only demoralised the enemy but also saved his own detachment from unnecessary casualties.

*Names of the officers and ranks.*—Payyori Damodaran, Lance Naik No. 3225 Malabar Special Police.

Kottarakkhal Balakrishnan Nayar, Constable No. 2674, Malabar Special Police,

Renganatha Mudaliyar Govindaraju, Constable No. 260, Special Armed Police.

and

Subba Naicker Subbiah Naicker, Constable No. 207 Special Armed Police.

*Statement of the services for which the decorations have been awarded.*—Chinnakorukonda is a village between Peddavaram and Nemali villages in the Krishna District. A band of about 48 men were camped in tents near a small hillock in the village. Members of this gang had committed havoc in the neighbouring villages, extracting money, looting houses and beating up people. To tackle the gang at Chinnakorukonda successfully, the villages of Khajipuram and Kollur had first to be occupied, so that the gang could not get any help or reinforcement from these places. These villages were occupied on the 13th and 15th September, 1948, respectively by detachments of the Malabar Special Police and Special Armed Police from Peddavaram and Nemali villages. An attack was launched on Chinnakorukonda by detachments on the morning of the 16th September 1948, under the command of the Inspector. The enemy took-cover on the hillock and opened fire on the Police forces. As the enemy could not be dislodged from the hillside trenches, men were sent to attack the trenches with hand grenades. This action resulted in the death of a member of the gang and injuries to three others. The enemy immediately left the trenches and moved up the hillock. While more hand grenades were thrown, the Inspector with six men attacked the enemy from the side with Bren guns and rifles. The enemy could not hold the hillock any longer and tried to escape from behind the hillock under cover of fire. The gang soon realised that they were in a helpless position and 37 men including the leader surrendered. A number of arms and a good deal of ammunition and cash were seized from them.

The encounter was a long one lasting from 8 A.M. to 3.30 P.M. The Lance Naik and the constables, who took a leading part in the attack were injured with gun shots. In this operation they showed courage and determination of a high order.

*Name of the officer and rank.*—Pasupuleti Thirupalliah, Jemadar No. 26, Special Armed Police.

*Statement of services for which the decoration has been awarded.*—In the early hours of the 13th September, 1948, a platoon of F. Company of the Special Armed Police under Shri P. Thirupalliah's command was ordered to go forward to engage raiders who were intending to attack the villages across the border of Bellary district. On the afternoon of the 14th September, 1948, the platoon fell back to one end of a railway bridge, where, in order to safeguard this strategic point, it took up a defensive position. Throughout the evening and night of the 14th September, 1948, the Special Armed Police Company beat back repeated enemy attacks, coming under heavy fire the whole time from a range of only 200 yards. All along Jemadar Thirupalliah kept together his platoon, consisting practically of raw recruits. He maintained their morale by encouraging them and manning the platoon Bren gun himself. Though worn out by continuous exertions to which he had been subjected throughout the previous 48 hours, the Jemadar continued to handle the Bren Gun, worrying the enemy with repeated fire till 7 A.M. on the 15th September, when he fell grievously wounded in the thigh with a heavy calibre bullet from a sniper's rifle.

Keeping his platoon of raw recruits together by determined leadership in the face of great and continuous danger, and in setting them a personal example by himself manning the Bren gun, Shri Thirupalliah who, himself had put in only about 9 month's service in the force, displayed exceptional courage and gallantry.

These awards are made for gallantry under rule 4 (i) of the rules governing the award of the President's Police and Fire Service Medal and consequently carry with them the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule No. 5.

**No. 24-Pres./51.**—The President has been pleased to award the Police Medal for gallantry to the undermentioned officers of the Madras Police:—

*Names of the officers and ranks.*—Krishnappa Kannan, Constable No. 1150, Special Armed Police,

and

Kolandal Gounder Doraisami, Constable No. 1301, Special Armed Police.

*Statement of services for which the decorations have been awarded.*—Kannan, Constable No. 1150 and

Doraisami, Constable No. 1301 of the Special Armed Police, Madras, were deputed by the District Superintendent of Police on border duty, along with other men to guard and patrol the area between Sivapuram in the West Godavari district and Krishnaraopalem in the Krishna district, which was considered a vulnerable point in view of the incursions made by raiders from across the border. They were stationed at Krishnaraopalem and were patrolling the area allotted to them. Krishnaraopalem was twice attacked by raiders, once on the morning of 18th August 1948, and again on the same night. On 25th August, 1948, raiders about 100 in number made another onslaught on the village. On all these occasions the two constables took their posts at a moment's notice, gave fight to the raiders and beat them back in spite of the fact that it was pitch dark and the layout of the land was unfavourable to them. The trouble, however, did not stop there. The raiders entrenched themselves in two places on the flanks of Krishnaraopalem, and made another concerted attack, on 7th September 1948. The two constables were ready this time also to meet the attack and gave the raiders a tough fight. The raiders, in spite of their large number, could not break through the defence set up by the two constables, and hence retreated after wasting their ammunition.

These two constables along with their comrades ably assisted their Subedar and Jemadar in launching on 15th September, 1948, an attack on Kandukur, the biggest base for raiders in that area. In the fight that ensued both constables Kannan and Doraisami were severely wounded but continued to keep the enemy at bay. These two constables set an example of indomitable valour to the rest of the men. They displayed conspicuous gallantry and skill both in defence and attack.

*Names of the officers and ranks.*—Sellappan Ramaswamy, Constable No. 741, Special Armed Police, and Guruswamy Jayarama Reddy, Constable No. 1257, Special Armed Police.

*Statement of services for which the decorations have been awarded.*—On 16th September, 1948, the District Superintendent of Police who was on special duty on the West Godavari border to protect the villages there from the ravages of armed raiders from across the border led an attack on Aswaraopet, where a big concentration of raiders was suspected to be operating. One platoon of the Special Armed Police with the supporting fire from a Bren gun group was made use of for the attack. When the platoon, deployed into sections, approached the village, the enemy began firing at the police party with modern weapons including mortars. Undaunted the police party kept on the onslaught.

Constables Sellappan Ramaswamy and Guruswamy Jayarama Reddy were at the head of the sections trying to penetrate into the village. The enemy who were entrenched in well dug-out positions opened a barrage of fire against the advancing police party. Though the two constables sustained bullet wounds in their arms, they never left their position until order to withdraw was given thereby setting up a gallant example to the rest of the men. The attack had a telling effect on the morale of the enemy and they abandoned their positions within 48 hours and made way for the occupation of Aswaraopet. In this operation, the two constables, showed courage and determination of a high order.

*Name of the officer and rank.*—Guruvan, Perumal, Constable No. 372, Special Armed Police.

*Statement of services for which the decoration has been awarded.*—On 13th September, 1948, the Special Armed Police detachments stationed at Tunikipad and Mulugumadu proceeded to attack Khajipuram, a village where there was a heavy concentration of marauders who were raiding the neighbouring villages and plundering the people. The raiders who were armed opened fire on the police party. The police party returned the fire and advanced towards the village. The raiders, however, took cover in a house and again opened fire on the police party. One civilian was killed and Constable Perumal was wounded in the leg. Even then the police party did not falter and the advance continued. The house in which the raiders took cover was attacked and they finally surrendered. Twentyseven raiders were arrested and a quantity of arms was recovered. Three raiders were killed in the fighting Constable Perumal took a leading part in the attack and exhibited courage and gallantry of a high order.

2. These awards are made for gallantry under rule 4 (i) of the rules governing the award of the Police Medal and consequently carry with them the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule No. 5.

PUBLIC NOTICES  
IMPORT TRADE CONTROL**

New Delhi, the 30th May, 1951

SUBJECT:—Soft currency licences for Raw Silk (Serial No. 172 Part IV),—Validation for imports from Japan.

No. 99-ITC(P.N.)/51.—It has been decided that all Soft Currency licences for import of raw silk (Serial No. 172 Part IV of the Import Trade Control Schedule) will also be valid for imports from Japan, without the need for amendment of individual licences.

2. Licence-holders may accordingly utilise their soft currency licence for raw silk for importations from Japan, either in whole or part.

New Delhi, the 1st June 1951

SUBJECT:—Import of Agricultural Tractors—further liberalisation in licensing thereof

No. 101-ITC (P.N.)/51.—On a further review of the policy governing the licensing of Agricultural tractors falling under serial No. 74 of Part V of the Import

Trade Control Schedule, it has been decided to liberalise the existing policy in the manner set out below, in order to meet the country's urgent requirements.

2. All accredited agents of approved makes of tractors, of whom a list is attached as Appendix 'A' to this Public Notice, will be permitted to import without limitation of value specified makes of tractors from the foreign manufacturers, by whom they are accredited.

3. For the above purpose the Chief Controller of Imports will issue blanket licences to the importers whose names appear in Appendix 'A' on their furnishing a treasury receipt of Rs. 100/- to cover the licence fee. These blanket licences will be valid for a period of 12 months from the date of issue.

4. The blanket licence will be valid only for the specified makes of tractors for which it has been issued and in case a licensee desires to import other makes of tractors, he will be required to apply separately for a licence in accordance with the ordinary licensing procedure, set out in Public Notice No. 150-ITC(P. N.)/50.

5. The blanket licences will not be valid for the import of tractors of the following categories, even

though the tractors to be imported are of the makes specified in the Appendix 'A' to this Public Notice.

(a) Those having a horse power of less than 15 at the Draw Bar; and

(b) Those which are operated on petrol or gasoline.  
6. Applications should be made in this behalf to the Chief Controller of Imports, Post Box No. 74, New Delhi, so as to reach him by the 31st July, 1951.

**MINISTRY OF NATURAL RESOURCES AND SCIENTIFIC RESEARCH****RESOLUTION**

New Delhi, the 5th June 1951

**No. DW-21.**—The Kosi, the third largest Himalayan river, which flows through Nepal and Bihar, has been causing havoc in the area through which it flows not only by flooding and deposition of sands, which are its annual feature, but also by the frequent changes in its course, thus laying waste the areas through which its channel swings.

2. Investigations were started in 1946 with the object of devising plans to stabilise the river channel and control the flooding and silting of the flood plain in Bihar and Nepal, and otherwise to harness the flow of the river for purposes of irrigation, power generation, and navigation. The investigations conducted have shown that a dam 783 ft. high above the foundation rock (the highest in the world so far) and a barrage some five miles below it together with the necessary canal systems, would be necessary to achieve the object in view. This project will provide irrigation to about 40 lakh acres annually and enable the generation of 1.8 million KW of hydro-electric power. The cost of the entire project has been estimated at Rs. 177 crores, and the period required for its construction has been put at 14 to 16 years depending on the availability of funds and essential equipment.

3. In view of the huge cost of the project and the limited financial and material resources available in the country, it has been decided to divide the project into easy stages. These stages have been arranged in such a way that each stage will be self-supporting and independent, and yet capable of being super-imposed on the preceding one without involving any engineering difficulties or wasteful expenditure.

4. The project report in respect of the first stage has been prepared; and this stage is ready for execution. It is estimated to cost Rs. 10.5 crores and comprises a railway line from Jogbani to Barakshetra (near the site of the dam); the barrage; a power channel up to power

house No. 1; two power units of 10,000 kw each; and the first instalment of essential transmission lines in Nepal and Bihar. This first stage is an essential preliminary to the construction of the main dam as well as for the extension of irrigation from the normal supplies of the river, and the generation of power in the pre-dam stage.

5. Before undertaking a project of this magnitude and complexity, the Government of India wish the project to be scrutinised by a body of eminent Indian engineers. It has, therefore, been decided to appoint an Advisory Committee consisting of the following:—

- (i) Shri S. C. Majumdar, Consulting Engineer to the Government of West Bengal,—Chairman.  
Members.
- (ii) Shri N. P. Gurjar, lately Chief Engineer (Irrigation) to the Government of Bombay.
- (iii) Shri G. Sundaram, Chief Engineer (Electrical) to the Government of Madras.
- (iv) Shri M. P. Mathrani, Additional Chief Engineer to the Government of Bihar.
- (v) Shri B. S. Nag, I.S.E., Project Officer, Central Water & Power Commission, —Member-Secretary.

The above Advisory Committee will examine the project as a whole and report to Government in the Ministry of Natural Resources and Scientific Research as to

- (a) the general soundness of the scheme;
- (b) the adaptability and economics of the scheme for execution in the stages as proposed;
- (c) adequacy and appropriateness of the various assumptions made in respect of irrigation, (e.g. water allowances, crop rotation, water rates, etc.) and power generation;
- (d) adequacy and appropriateness of the various assumptions made in respect of power development, e.g., the effect of floods on tail race water level, the size and number of generating units to be installed, surplusing arrangements etc.
- (e) whether any works constructed in the first four stages are likely to be exposed to damage by floods.

6. Shri S. C. Majumdar will work as the Chairman of the Committee in addition to his own duties as Consulting Engineer with the Government of West Bengal; the other members of the Committee will be whole-time members. The Committee will commence their work immediately and submit their report within two months.

A. N. KHOSLA, Addl. Secy.
